

The Illusion of Freedom and Equality

Explores how Enlightenment values have been transformed in a technological civilization. Arguing that the ideology of freedom and equality today bears little resemblance to its eighteenth-century counterpart, Richard Stivers. Like freedom, equality is an existential concept that begins as a protest against one's life circumstances. As indicated earlier, the concept changes its meaning. In the contemporary age of globalizing democratic capitalism, freedom and equality seem axiomatic. Many consider it self-evident that.
